

HOWe things are... by Sheryl Nelson

May 2023

Praise God for Bible Translation progress!

Praise God for the incredible progress in Bible Translation (BT) since 1999. In 1999, BT organizations including SIL* and Wycliffe rallied around **Vision 2025**: a vision of a BT project started in every language by the year 2025. Nearly 100 countries have achieved Vision 2025 and hundreds more have only 1 remaining language.

*SIL is an academic organization focused minority language communities flourishing. Wycliffe Bible Translators USA “loans” / contracts most of its members, including me, to work for SIL. Wycliffe was originally created to be the “arm” of SIL that relates to the church as opposed to the arm that does the work.

Harvest is Plentiful... Workers, not so much

Pray for God to call more IT skilled professionals to become IT missionaries to fill critical gaps. And it's not just my organization -- nearly every mission organization we interact with is experiencing IT staff shortages affecting their ability to deliver the IT services missionaries on the field and in critical administrative roles need.

Do you know someone who might be interested in making an eternal impact using their IT skills? Give them my contact information!
