

HOWe THINGS ARE...

July 2025 Ministry News from Sheryl Nelson

"In quite a disbelief, the Koorete translation team in Ethiopia is reading through the first draft of the book of Jeremiah that an AI tool* had just created for them. While the first look was already impressive, a thorough read-through over the following weeks revealed only small mistakes to be corrected and some adjustments to be made. Thanks to this new technology a real burden is taken off their shoulders"

* The draft was created with the help of a tool developed by SIL called Scripture Forge using the existing New Testament in Koorete as well as the book of Isaiah and a list in Amharic-Koorete of key terms for the book of Jeremiah.

I'm grateful for the opportunity to use my technology skills in Bible translation. We serve an amazing God who uses all sorts of circumstances to draw people to Himself and His free gift of salvation.

Please Pray

- Thank God for technology and the people who design technology that helps deliver accurate and faithful Bible translation.
- Pray that God will bring more skilled IT people into missions. By the way, if God is calling you to kingdom work in technology, contact me.

Upcoming Travel:

Arizona friends: I will be in Tempe for Grace Community's Church GO (Global Outreach) Sunday November 9th. I'd love to meet up with you if you can while I'm there Nov. 4th - 11th. Email or text to let me know so we can coordinate.
