**Agenda**

1.  Approved minutes for November 15, 2012 (with minor corrections)

2.  Backup batteries have arrived.

3.  Softwares to be used within the college should be certified, to avoid piracy issues.

4.  The college will migrate to Google Apps. Training will be conducted by IT department starting February. Google Apps provides better collaboration.

5.  Students are using softwares, (like Ultra Surf) to bypass firewall just to access Facebook.  Facebook issues to be brought up next meeting for students' representative feedback.
