Attn: Bradford Fox, P.E.

Dear Brad:

Please find attached one copy of the SWM-1 through SWM3 plan. The SWMP Seal of the City of Takoma Park is affixed on the plan.

A letter from Mr. Doug Lohmeyer, P.E. on the letterhead of the ORJP Consulting Group from Montgomery Consulting Group LLC dated October 12, 2017 was included in your submittal.

It is imperative that stage inspection, in accordance with the city code at all stages of construction related to SWM facility, be performed and documented. Any deviation from the plan must be approved by this office. An As Built plan shall be prepared at the completion of SWM facilities. This plan and all inspection documents are required prior to final acceptance and release of the SWM bond. The work in the ROW (bond) will be released upon final inspection and acceptance by the City of Takoma Park representative.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ali Khalilian".

Ali Khalilian, P.E.
City Engineer
